Instructor Calibration & Candidate Clinics

January 5th & 6th, 2019 at Schuss Mt

Remember, if you are up for Toboggan Instructor renewal you need to attend both Saturday (for calibration) and Sunday (for teaching candidates). It is our desire that ALL NMR Instructors will make every effort to attend this event.

Saturday morning will begin with some brief classroom time and then the groups will move outside to work with toboggans. The afternoon will focus on ski skills, drills and movement analysis. Sunday, we will work with Alpine and Senior Candidates from our region.
